

Bring-Your-Own-Device (BYOD) Policy

Due to Covid-19, NBACA will allow the responsible use of personal devices to enhance and enrich learning opportunities at school. If a teacher is using technology in a classroom lesson or activity, all students will be provided access to necessary devices. If you decide to allow your student to bring a personal learning device on campus, it is permitted. This remains a privilege not a right.

General Info

Access to the NBACA wireless network, whether with school-provided or personal devices, is filtered. However, access from personal devices is limited to Internet use only. Students will not have access to any documents that reside on the school network from their personal devices.

Access to the NBACA wireless network is a privilege, not a right.

Any use of the wireless network entails personal responsibility and compliance with all school rules. **The use of the School's network also allows administration to conduct investigations regarding inappropriate Internet use at any time.**
